Visioneer OneTouch Scanning!

Visioneer wrote the book on ease-of-use. Visioneer OneTouch™ technology simplifies the way people think about and use scanners. The One Touch buttons are pre-configured for common scanning tasks so you can perform standard scanning tasks out of the box with nothing more than one touch of a button. One Touch button settings can be customized to unleash even more power for advanced users.

Digital Technology for your Photos!

Restore old photos to look like new. Create digital scrapbooks and DVD slideshows of your favorite photos. The Visioneer OneTouch™ 9520 Photo Scanner is the perfect tool to indulge your creativity. With 4800 x 9600 dpi optical resolution and 48-bit color, the Visioneer OneTouch™ 9520 Photo Scanner captures the finest detail from your original images. Now you can store, share, save, and edit your photos easily.

Scan Prints, Slides or Negatives!

Don't forget about your prints, slides or negatives. The Visioneer OneTouch™ 9520 Photo Scanner includes a built-in backlight and film holder for scanning transparent media. Scan 35mm slides or negatives. Now you can preserve those memories.

The software to get the job done!

With software such as Corel Paint Shop Pro, ScanSoft PaperPort SE, ArcSoft PhotoImpression, Scan 'n Stitch Deluxe, Collage Creator, DVD Slideshow, CD/DVD Label Maker, Backup 'n Burn, you can create collages, restore photos, and organize your images. All these are just a few of the tools that the 9520 Visioneer OneTouch™ Photo Scanner delivers.

visioneer OneTouch 9520 Photo Scanner
